

B•REEL™ - *The Twist-Free Badge Reel*

Keep your badge or card visible at all times with the all-new **B•REEL™** twist-free badge reel. The B•REEL uses **PATENTED** twist-free technology to ensure that your badge or card is always facing front, eliminating the frustration that can result from badges getting twisted or tangled.

CALL FOR A FREE SAMPLE

- A **28" cord** extracts from the front of the reel and leads to less friction applied to the cord, making the reel more durable.
- The B•REEL's **swivel back** is also available as a **swivel clip with teeth** for those in active settings who require a more secure attachment.
- The B•REEL badge reel stands out in a variety of **vibrant colors**, including watermelon, purple, metallic blue and white.
- B•REEL has a printing surface **2 1/2 times larger** than our economy badge reels!
